

April 1, 2018

The Bach Chamber Choir is proud to announce a new partnership with The Corners of Brookfield *Corners Cares Initiative*. This initiative, created by The Corners Director of Marketing and Events Chelsea Roessler, was formed to “give back” to the community by championing local non-profit organizations and causes through a variety of special events, collaborations and financial gifts.

This partnership with the Corners Cares Initiative not only supports the arts in the Greater Milwaukee area, but also broadens the BCC’s own mission to share our gift of music in an even more meaningful way- *to bring the healing power of song to those who aren't able to come to us.*

The primary role of the BCC within this partnership will be to visit and perform at Assisted Living, Memory Care and Nursing facilities throughout Waukesha County. All performances on behalf of the Corners Cares Initiative are free of charge through the generous support of The Corners of Brookfield.

For further information or to arrange a performance at your facility, please contact the BCC outreach coordinator Cathy Lundeen at 262-784-1234 or 414-520-9043.

Email inquiries may be sent to brianlundeen@sbcglobal.net.
